

AinslieAPI.Authentication.
JwtMiddleware.Invoke

```
graph LR; A[AinslieAPI.Authentication.JwtMiddleware.Invoke] --> B[AinslieAPI.Authentication.JwtUtils.ValidateToken]; B --> C[AinslieAPI.Authentication.JwtUtils.Decrypt];
```

The diagram illustrates a three-step process for JWT authentication. It begins with a grey box labeled 'AinslieAPI.Authentication.JwtMiddleware.Invoke'. A blue arrow points from this box to a white box labeled 'AinslieAPI.Authentication.JwtUtils.ValidateToken'. Another blue arrow points from the second box to a final white box labeled 'AinslieAPI.Authentication.JwtUtils.Decrypt'.
