

InternalAPI.Controllers.
PriceAppController.ProductList

InternalAPI.Controllers.
WebShopController.WebShopController

InternalAPI.Helpers.Price
AppHelper.GetProductList

```
graph LR; A["InternalAPI.Controllers.  
PriceAppController.ProductList"] --> C["InternalAPI.Helpers.Price  
AppHelper.GetProductList"]; B["InternalAPI.Controllers.  
WebShopController.WebShopController"] --> C;
```

The diagram illustrates a dependency or call relationship. Two boxes on the left represent controllers: 'InternalAPI.Controllers.PriceAppController.ProductList' and 'InternalAPI.Controllers.WebShopController.WebShopController'. Two blue arrows originate from these boxes and point to a single box on the right, 'InternalAPI.Helpers.PriceAppHelper.GetProductList'. The box on the right is shaded gray, while the others are white with black borders.
