```

The diagram illustrates a mapping or dependency between two source methods and a target method. On the left, there are two white rectangular boxes. The top box contains the text 'CryptoPaymentGateway.Models.Credentials.Create'. The bottom box contains the text 'InternalAPI.Services.CoPayService.SetCredentials'. On the right, there is a gray rectangular box containing the text 'CryptoPaymentGateway.Models.Credentials.FromExtendedPrivateKey'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both source methods are associated with or map to the target method.
